

Dr. Rupa Agarwal
Organising Chairman

Dr. Shivaji Kolhe
Organising Co-Chairman

Dear delegates,

During this unprecedented time of COVID 19, let us extend our sincere appreciation and gratitude to all those medical health care workers who have provided their whole hearted services to Humanity during these trying times.

It gives me immense pleasure to invite you all to this year's **Megagpcon 2020-21**. Megagpcon is our annual celebration ceremony of knowledge. This is the biggest program of the year. Yet, this year's conference is different, right from the choice between a webinar and an in-person conference, venue options, delegates count and administration. I'm sure these changes will give a new direction to the future conferences.

'Aude Sapere: Dare to be Wise!' is our Theme for this year. We as team of GPA always try to consider the needs of our colleague doctors practicing from each part of Maharashtra through this scientific session.

I warmly welcome and congratulate all the delegates, speakers, Pharmaceutical companies as well as all our well-wishers for being part of this successful and memorable event.

Let's take this journey together.
